### Our Goal - 我們的目標

尋找更多志願工作者，不論是贊助學校、或是認養貧困學童，或是幫忙籌備、打包物資的義工，我們都歡迎！

現在我們最需要的是學生們的日常生活所需：比如牙膏、牙刷、洗澡肥皂、洗髮水、以及簡單的醫療用品。我們相信當我們教育好孩童們的清潔衛生習慣後，不單是讓他們身體健康，更會影響到他們的家庭成員一起注重環境的衛生清潔。

### Our Story - 我們的故事

Our story begins on May 22, 2015 at Luyu, a tea house located in the city of Kunming in Yunnan Province, with a fateful encounter between Ms. Yan Yang ("Yan"), the tea house manager and Ms. Kathy Tsao ("Kathy"), a traveler. Yan and Kathy struck up a conversation during which Kathy asked about Yan's hometown and her family. She learned that Yan came from a very poor region in the city of Nujiang, where many students of ethnic minorities go to pursue education. Its inhabitants are so poor that most of the children don't have shoes. Yan and her siblings were among those. Because there is no work in the immediate region, parents have to go to other cities in order to make a living and cannot be with their children. These children, by necessity, are sent to boarding school. Yan's sister, Ms. Haixia Yang ("Haixia") became a teacher and teaches in one of those schools, "The Fugong Primary School" which is located in a remote mountain area. The funding for this school is limited and the accommodations are meager. The children are in need of everything from shoes and clothing to mattresses and school supplies.

First of all, I would like to thank you for writing me back despite your busy schedule. I am in full agreement with your words, "Studying and learning skills are the best tools to change one person's fate." We have something in common, which is the fact that we both experienced difficult circumstances during our childhood. I was born in a poor family, with an elder sister and younger brother. In my memory, my parents were often worried and bustling about for tuition for each of us. When they could not gather enough money to afford our education, I saw the scowl on their faces. Because of our similar personal experiences, we better understand how it feels. This is why we are supporting such students with our best efforts. Although our capabilities are not far reaching since our resources are very limited, we believe we can still make a difference. Fugong Primary School is a public boarding school. There are over 500 students and 30 teachers between first grade to sixth grade. It has 13 classrooms in total. The Principle is Mr. Lee. All school books are free because it is considered compulsory education, however many other necessities are not. Many students here are growing up with hardships, including all the challenges presented in circumstances of one-parent families for some, left behind children for others, and some with disease. Each family here shares the same challenge, financial instability. Most students wear flip flops throughout the entire school year although it gets very cold in the winter. The geographical location adds more difficulty. Many students have to walk a few dozen kilometers of mountain road to attend school because there is no public road available.

當曹凱西認識了在雲南省怒江州福貢縣鹿馬登鄉阿路底學校教書的楊海霞老師後，知道了屬於食宿制的阿路底學校，學生和老師們，吃、住都在學校，所以老師們很是辛苦，必需從早上到晚上都需要管理學生。學生都是從各個山村集中到學校來上課，學校不分週末，連續上兩個星期才休息一次，因為九年義務教育，雖然書費全免，但是由於家庭環境不好，所以無法提供孩子們日常生活所需(譬如洗髮水，換洗內衣褲，牙刷、牙膏等等)。當曹凱西知道了這件事後，蘊藏在她心裡八年的策劃，此刻已經開始進行了。她知道單憑她一個人是無法改變世界，於是她的小小世界裡，她只想一個一個的幫助那些小朋友，因此這個基金會叫One At A Time- OAT project吉娃娃哪(怒語翻譯是一個個的來的發音)。

希望各位加入我們的隊伍，共同成為小朋友的贊助人或捐款人。今天是個美麗的日子，歡迎各位！
